

Important Provider Update

Tift Regional Medical Center in Tifton, GA and **Southwell Medical Center in Adel, GA** are Out-of-Network hospitals for The Langdale Company Health Plan.

Historically, TLC Benefit Solutions worked with patients referred to these facilities and negotiated a single case agreement or reimbursed the patient for their self-pay expenses.

Effective January 1, 2026, the Health Plan will no longer negotiate single case agreements with these hospitals.

What does this mean to you?

If you're referred to one of the above hospitals, you will have two options:

1. Pay as a self-pay patient and file for reimbursement with the Health Plan; or
2. Consider transferring to a provider affiliated with South Georgia Medical Center

Examples:

	Out-of-Network providers	In-Network providers
<i>Gastroenterology</i>	Southwell Gastroenterology (Drs. Ward and Fricker)	SGMC Gastroenterology (Drs. Retterbush, Mandal and Anucha)
<i>Ob-Gyn</i>	Southwell Ob-Gyn	SGMC Women's Health, Southern OB/GYN, Howard Center for Women's Health and others
<i>Other specialties</i>		Please reach out to TLC Benefit Solutions, Inc.
