GENOMIC LIFE

Starting your Genomic Life is easy!

Genomic Life helps optimize your health – now, and in the future – based on your personal health, family history, and DNA – to catch disease early, inform choices, and tailor care so it works best for you.

How to get started

1. Visit member.genomiclife.com and choose "Set up your account here."
2. Please have your personal access code ready. If you don't know your access code, please check your email for instructions or reach out to us at navigation@genomiclife.com for help.
3. After creating your account and sharing some health details, you'll receive personalized suggestions for DNA screenings.
4. Follow the simple steps to request a DNA screening(s), provide informed consent and verify your personal information.
5. Each test request is reviewed and ordered by a physician.
6. An at-home sample collection kit with detailed instructions is mailed to you for each DNA screening test from one of our trusted laboratory partners.
7. You can expect to receive your results within approximately 21 days.
8. If medically significant findings are identified, access to a genetic counselor and consultation can be helpful to understand results.
9. We encourage you to share your test results with your healthcare team and discuss important next steps.

~1 in 5

~1 in 5 people have an increased risk of serious illness due to their DNA—and likely don't know it.*

GENOMIC LIFE

How to invite your spouse

Genomic Life's platform makes it easy to invite a spouse when they are included in your plan. Follow these simple steps to get started.

1. Login/create your account

- Visit **member.genomiclife.com** and login with your email and password or set up your account through your welcome email.
    - To set up your account, you will need your personal access code. If you don't know your access code, please check your email for instructions or reach out to us at *navigation@genomiclife.com* for help.

2. Find their access code

- You can find their access code in the portal via the dashboard or account settings.
    - **From your dashboard:** On your dashboard look for a card to "Invite your spouse" to get started
    - **From your account:** Once logged in, click "Account" in the main navigation and choose the "Plan Information" option.

3. Provide them their access code

- Have them visit https://www.genomiclife.com/invite and follow the steps to set up their account.

Frequently Asked Questions

- **Can the same email be used on more than one account?**
  No, each account needs their own unique email address.
